LED CONFETTI MACHINE
USER MANUAL

◆ Foreword

Thank you very much of choosing DJPOWER R-4 LED confetti blower.
Before start operating,we strongly suggest you to read the user manual carefully.
Following the instructions here will ensure your safety while operating the
machine,easily achieve the best effect,as well as understand the right way to care
for and maintain the machine,hence to prolong the product life cycle.

◆ Products Description

R-4 is a confetti machine, use fan as power to blow confetti to high sky, bringing
festivity atmosphere to the ceremony and performance. R-4 is very compact and
convenient to use, with 6pcs 8W RGBA LEDs to add more colors to confetti in the
darkness.

◆ Products Features

1.Support DMX-512 and manual control;
2.6pcs 8W RGBA LED;
3.Digital display, convenient address code set;
4.Equipped with updated wireless remote controller W-2 to support remote control.

> ⚠ CAUTION!Please note that the confetti can rub off when it comes into
> contact with moisture. Therefore, please only use confetti in or on dry,
> non-sensitive surroundings and surfaces.
> We assume no liability for damage resulting from disregard of these
> and other safety instructions in the operating instructions.

◆ Safety use

1.Keep the fixture dry. For indoor and outdoor used.

2.Use grounded electrical outlet. Prior to use,make sure that unit is installed at the
   rated voltage.

3.Turn off or unplug when not using it.

4.This machine is not water-proof. Please keep it away from moisture and water. If
   moisture,water,or fluid gets inside the housing, stop using it.

5.No user serviceable and modifiable parts inside. Do not disassemble the housing
   and do any modification, otherwise it might cause damage to the unit or danger of
   burning.

6.For adult use only. Fixture must be installed out of the reach of children.Never
   leave the unit running unattended. Keep it away from fire,combustible
   and flammable materials.

7.Position the machine in well-ventilated area. Please leave about 50cm spaces
   surrounding the unit.

8.Please do not use the fixture under high temperature.

9.If something wrong happen while using, please stop the fixture immediately, cut off the power,and check the fuse, power cable and power plug. If problem could not be resolved, please contact with your dealer.
